MEASURING & MARKING TAPE MEASURES / TAPE RULES

TAPE RULES

- HI-VIZ CASE

The first tape to feature a unique new Lufkin design that gives users maximum control when extending and retracting the tape blade; the "Drag Strip" access opening on the bottom of the tape allows users to regulate blade feed and return with their fingertip for greater control, making the tape feel more like an extension of their arm than a hand tool; an integrated tether or wrist strap ring helps prevent drops and injuries; the 10' stand-out capacity and extra-wide end hook make this tape perfect for the toughest jobs. Color: Hi-viz orange.

Our No.	No.	Blade W In x L Ft	Shf Pk	Unit
LUFKIN "CONTROL SERIES"				
377-3413	CS8525	1-3/16x25	4	CD

TAPE RULES

- SELF CENTER

This self-centering tape helps you find the center of your measurement saving you time; the tape comes with a yellow clad blade that has bold black and red numbers for easy reading; the black numbers represent the objects measurement while the red numbers represent the center measurement; with its wide base the tape measure is able to stand upright.

Our No.	No.	Blade W In x L Ft	Shf Pk	Unit

3M			
101-5627	8233PA1-A/R-8833	6	EA

**RESPIRATOR
FILTER CARTRIDGES**

- PAINT & PESTICIDE

Long life prefilters features deep circular pleats which extend the amount of particulate loading on the filters, allowing respirator users to continue their spraying jobs or projects without the need to continually stop to replace the prefilter. Approved by NIOSH under the NIOSH 42 CFR 84 respirator certification regulations, approved to the R95/OV category; R95 filters are at least 95 percent efficient against oil-based contaminants, and resist degradation for at least an 8 hour shift. The OV classification means that the respirator is also approved for organic vapors. For use with 895.4570.

Our No.	No.	Shf Pk	Unit

SAFETY & ORGANIZATION EYE PROTECTION

SAFETY GOGGLES

Soft, vinyl frame-replaceable clear lens. Always wear goggles when using hand tools to protect your eyes.

Our No.	No.	Shf Pk	Unit
ESTWING MFG			
614-3846	#6	48	EA

SAFETY GOGGLES

• SPLASH RESISTANT
Protects the wearer from both high impact and from chemical splashes; indirect venting allows the air to move through the goggles, helping to keep the wearer more comfortable while the vents help prevent liquids from getting directly to the eyes. Goggles can be worn over prescription glasses. The elastic goggle band helps customize the fit of these goggles to the users' head. Used in applications such as power tool work, sawing/drilling metal or wood, hammering, overhead work, applying pesticides or mixing liquid chemicals. Meets the high impact requirements of the American National Standards Institute's ANSI Z87.1-2010 standard.

Our No.	No.	Shf Pk	Unit

HOBBY & STATIONARY TOOLS OSCILLATING TOOL BLADES

OSCILLATING TOOL ACCESSORIES

- FLUSH CUT BLADES
- UNIVERSAL QUICK FIT

Flush cutting blade with high performance carbide teeth for longer life. Users can cut hardwoods, nails, screws, stainless steel bolts, galvanized pipe, plaster and lathe, cement board, fiber board, sheet metal, slate, ceramic tile and more. It's wide 1-1/4" blade speeds through long cuts and can make plunge cuts up to 1-11/16" deep. Universal Quick Fit system allows this blade to fit nearly every oscillating tool on the market.

NUTSETTERS

- IMPACT
 - LOBULAR
- Lobular nutsetters are built for maximum durability, performance and long life with impact tools. Designed to drive the fastener from the side, rather than forcing the corners to turn, maintaining the true shape of the fastener and dramatically reducing breakage and damage from stripping. Also provides more clearance on the corners of the fastener where paint build-up often occurs. Black oxide finish resists corrosion to increase the life of the nutsetter.

ADHESIVES & CAULK
EPOXY ADHESIVES
EPOXY

• PLASTIC BONDER

Formulated to bond and repair plastic surfaces. Double syringe dispenses equal amounts of each component. Components react to produce a tough, rigid, high strength bond in 20 to 25 min. Does not shrink and is resistant to water, most common solvents and shop fluids. High impact resistance. Can be sanded and drilled.

Our No.	No.	Size mL	Shf Pk	Unit
LOCTITE				
970-4578	1360788	25	8	EA

EPOXY

• 2-PART - HIGH STRENGTH

Can be as an adhesive for a wide range of materials or as a filler for gap bonding, surface repairs and laminating. Does not shrink. Resistant to water and most common solvents. Can be tinted with earth pigments, cement or sand. Can be sanded and drilled. 3200 psi bond. 5 min setting time. Reaches handling strength in a hour.

Our No.	No.	Size mL	Shf Pk	Unit
LOCTITE "LOCTITE - INSTANT MIX"				
Translucent Yellow				
697-1873	1365868	.47	6	EA

WOOD EPOXY PUTTY

• PREMIUM

Hand mixable putty formulated to repair and rebuild wood quickly and easily. Adds structural strength to areas of damaged or rotted wood. Can be used to fill, build, reinforce or bond wood surfaces. After mixing, it forms a polymer compound that cures to the same density as wood. May be used for exterior or interior applications. Contains no solvents. will not rot, shrink, crack or pull away. Can be sanded, tapped, machined, dripped, filed and painted. Contains 6 oz tub Part A, 6 oz Part B, plastic spreader and pair protective gloves.

Our No.	No.	Size Oz	Shf Pk	Unit
J-B WELD				
744-0910	40005	12	6	CD

EPOXY ADHESIVES

• QUICK SETTING

• STEEL REINFORCED

Fast setting version of the Original J-B Weld. Provides repairs to metal and multiple other surface types. After mixing, it forms a permanent bond and can be shaped, tapped, filed, sanded and drilled after curing. 1:1 mixing ratio. Sets in 6 minutes. Fully cured in 4-6 hours. Cures to a dark grey color. 2424 PSI tensile strength. Withstand temperatures up to 300-degrees F.

Our No.	No.	Size mL	Shf Pk	Unit

EMERGENCY LIGHTS

- LED - ADJUSTABLE OPTICS
- LOW-PROFILE - WALL/CEILING

Compact, low-profile design with adjustable optics. Universal mounting plate with quick-connect feature. Snap-together construction speeds installation. Injection-molded, engineering-grade, 5VA flame retardant, high-impact resistant thermoplastic with high performance, chrome plated metalized reflector and plastic lens for optimal light distribution. Long-life, ultra bright white LED lamp heads, 1 watt (8 LEDs x 0.125 watt) per head. Dual-voltage 120/277 VAC operation. 3.6 volt, maintenance-free, rechargeable NiCd battery. Internal solid-state transfer switch automatically connects the internal battery to lamp heads for minimum 90-minute emergency illumination. Fully automatic solid-state, two-rate charger initiates battery charging to recharge a discharged battery in 24 hours. UL Listed for damp locations.

WORK LIGHTS

TPE rubber provides superior flexibility at sub-freezing temperatures. Resists stiffening or cracking under the most extreme weather conditions. Locking connector prevents unwanted cord disconnects. Power indicator light allows you to see when the cord has power. Oil resistant jacket will not deteriorate when used where oil or petroleum products may be present. Flame retardant, protects against accidental cord fire. Water resistant, will not absorb water that can corrode copper conductors or cause dangerous electrical shocks. TPE rubber is 30 percent lighter weight than standard rubber cords. Blue with orange stripe.

SPECIALTY ELECTRICAL RECHARGEABLE FLASHLIGHTS

FLASHLIGHTS

- LED - RECHARGEABLE
- ALUMINUM

New multi-mode electronic switch. Full power, 643 lumens, low power, 148 lumens or eco mode. Improved spot-to-flood quick focus system requires about 1/4 turn of the head. Powerful projecting beam, over 1/4 mile (407m). Includes NIMH battery pack, 12 volt DC power cord, charging cradle and 120 volt AC converter.

SPECIALTY ELECTRICAL BATTERY CHARGERS

BATTERY CHARGERS

- NICKEL METAL HYDRIDE - NIMH
- AA & AAA

Charges one to four AA or AAA NiMH size batteries. Charges 2AA batteries in about 15 minutes. Charger individually monitors cell condition. Reverse polarity protection against damage from incorrectly installed batteries. Illuminated red LED light while charging, turns green when charging is complete. Ideal for high drain applications. Input rating 120 volt AC, 60 Hz, 85 watt. Car and AC adapters and 4AA batteries are included. UL Listed. Charcoal gray color.

Our No.	No.	Shf Pk	Unit
ENERGIZER BATTERY			
975-4474	CH15MNCP-4	3	EA

BATTERY CHARGERS

- FAMILY CHARGER - NIMH
- AA, AAA, C, D & 9 VOLT

Charges 2 or 4 AA, AAA, C, or D size NiMH batteries or 1 or 2 9 volt NiMH batteries overnight. Red LED charge indicators go off when charging is complete. Reverse polarity protection against damage from incorrectly installed batteries. UL Listed.

Our No.	No.	Color	Shf Pk	Unit
ENERGIZER BATTERY				
603-5752	CHM4FC/CHFCV	Gray	3	EA

BATTERY CHARGERS

- NICKEL METAL HYDRIDE - NIMH
- AA & AAA

Charges 2 or 4 AA or AAA at a time, checks if the batteries are still rechargeable. Fuel gauge and count-down clock tells when batteries are done charging. Maximizes cycle life of the NiMH cells with built in over charge protection. Shutoff mechanism: Delta V detection, 5 hour timer. Sound indicators, single beep/start, double/done. 3 stage status indicators: red, charging 0-49 percent, amber, charging (50-99 percent), green, fully charged. Bad battery detection alert. If a bad battery is detected a red x will illuminate; with repetitive audible beep. Folding plug, reverse polarity protection. Primary battery detection. Typical weight: 113.0 grams (3.9 oz.).

- 5 SPRAY SETTINGS

Includes 5 ft. metal hose, mounting bracket, and Teflon tape. Fits standard 1/2" shower fitting threads. Easy to install with included Teflon tape and a wrench. Chrome finish with ash grey shower face. 5 spray settings: full body spray, soft rain spray, invigorating pulse, full body spray/rain combo, and full body spray/pulse combo. Provides level 2 extra filtration through reduction of chlorine, sulfur odors, and scale. Bacteriostatic filter limits the passage or growth of bacteria that may already exist in the incoming water. Cartridge life: 6 months or 10,000 gallons. NSF tested and certified. Culligan replacement cartridge model: WHR-140 (SKU #7544281). Carded.

DRAIN CLEANERS

• MODEL S

Hand-held drill-powered machine for cleaning small, inside lines such as sinks, tubs, and showers. 1-1/4" - 2-1/2" in diameter up to 35 ft. Easy-to-tighten cable chuck, made of new composite material with hardened steel liner and jaws, fits securely in place and resists rust for longer life. Lightweight stainless steel drum provides excellent durability and is corrosion resistant when exposed to harsh liquids. Cast aluminum hand guard is designed for safety and ease-of-use. Variable speed, 1/2" reversing drill with double ball bearing gear head for longer life is double insulated for increased operator protection and smooth, quiet performance. All cables are constructed of certified music wire, and IC cables have genuine galvanized aircraft wire inner core for long-lasting operation.

PLUNGERS

• BEEHIVE MAX

Proudly designed and made in the United States, the BEEHIVE Max Toilet Plunger is the first plunger designed to fit both old and new high efficiency toilets (HET). Toilet bowl drains have changed from round to oblong shaped outlets and standard plungers on the market cannot achieve a seal to effectively plunge. The t.handle and flexible, beehive shape head design, allow for an optimum grip and effective plunge in any toilet. Recommended by Kohler, the BEEHIVE Max Plunger fits Kohler, TOTO, American Standard, Mansfield and all other brands. As seen in This Old Houser . Top 100 Best New Home Products of 2014. The 99.4 includes: (1) T.Handle and (1) Plunger Head.

TOILET & SINK REPAIR DRAIN ROOT TREATMENT

ROOT KILLER

Keeps lines free from clogging tree and shrub roots. Roots have the ability to seek out small openings in pipe lines in search of water. Once a pipe is penetrated, rapid growth in the pipe causes blockage. This formula is proven by years of success in clearing sewer and drains of root growth, etc. Fast and easy to use. Harmless to bacteria in septic tank and cesspools. Retreatment at 6 to 12 month intervals may be necessary to control new root growth.

Our No.	No.	Size Ozs.	Shf Pk	Unit
ROEBIC LABORATORIES				
959-9648	K-77	32	12	EA

ROOT KILLER

Kills only the root inside the pipe, clears pipes and allows normal system flow, will not harm trees & shrubs, contains copper sulfate.

981-2074	ZROOT24	2	4	EA

FOAMING ROOT KILLER

FRK foams on contact with water foams on contact with water to fill the entire sewer pipe with the root killing agent, dichlobenil. It covers the inside surface of the pipe, and sticks well to roots resulting in longer lasting residual killing action. Also contains ingredients to speed up the natural decaying process of the roots, resulting in quicker relief from clogs.

676-6935	FRK	1	6	EA

TOILET & SINK REPAIR ENZYME TREATMENTS

SEPTIC TANK TREATMENT

• BACTERIAL PREVENTATIVE

Contains anaerobic spore-bearing bacteria selected, conditioned and cultured for use in septic tanks. Resistant to soaps and detergents; continually produces enzymes which digest protein, keep tank contents liquid and prevent over-accumulation of organic waste. A single treatment prevents tank clogging and build-up. One quart treats one 500 gallon capacity tank. Use once a year or as needed.

Our No.	No.	Size	Shf Pk	Unit

TOILET & SINK REPAIR WAX RINGS

TOILET BOWL RING

• NO WAX

No wax, no mess. Can be repositioned, plunging won't cause leaks, fits any flange, any toilet, no minimum temperature required for installation, seals on uneven floors or over tile floors with recessed flanges, no-rust brass bolts & hardware.

Our No.	No.	Shf Pk	Unit
FLUIDMASTER			
097-9765	7530P8	4	EA

TOILET BOWL SEAL

• WAX FREE

The WaxFREE Seal Kit is a cleaner alternative to using a wax ring during toilet installations. As temperatures fluctuate, the consistency of a wax ring can range from a sticky mess to a hardened block. The WaxFREE Seal Kit's rubber exterior creates a tight seal between the floor and the toilet. The two-piece foam interior adapts to fit flanges that are above, even with and below finished floors, with absolutely no mess. Another great benefit of the WaxFREE Seal Kit is its ability to be repositioned during installation. A wax ring can be ruined and must be replaced if the toilet is not set properly on the first try. The user-friendly Wax free toilet gasket allows for multiple toilet setting attempts. Resistant to harsh chemicals, the WaxFREE Seal Kit is manufactured with the same proprietary red Chlorazoner that is found in all Korkyr premium red flappers. Easy to install, the 6000 includes: (1) Toilet Gasket, (1) Set of Hardware and (1) Instructions.

HVAC FILTERS

• FIBERGLASS - MEDIA

For installations as a stand alone filter or to replace various other types of prefilters. Designed to withstand the demands of tough industrial and commercial applications. Uniform gradient density media with skin backing downstream tackifier. High dust holding capacity. Larger effective filtering surface area. Lower pressure drop. Heat sealed bond prevents air bypass. Increased filter integrity. Pliable for "hard to service" applications. Frame is composed of recycled material. Interlocking tab frame corners.

HOLMES			
633-0211	HM1865-U	1	EA

HUMIDIFIERS

- 3-SPEED - EVAPORATIVE 2
- WHOLE ROOM

Deep pitched blades pull large volumes of harsh, dry air through the unit and then, using Vornado's signature Vortex Action, circulates the humidified air throughout the room, providing complete and balanced humidification. Also recovers and circulates heat off of the ceiling, helping to maintain an even room temperature - especially useful during the dry, cold winter season. Built-in humidistat. Push button controls allow you to choose your desired humidity level, or FAN ONLY, for fan operation without humidity output. Three fan speed settings are available - High, Low or Auto. In the Auto setting, the fan will fluctuate up or down to maintain the set humidity level. 1 gallon capacity. 2 gallon output every 24 hours. Humidifies up to 600 sq. ft. 5 year limited warranty. Uses one MD1-0001 B wick (included).

CORDLESS VACUUM CLEANER**• ROBOTIC
• PET - LITHIUM**

Cleans on carpet and hard floors. Captures hard-to-reach dust and pet hair under furniture. Anti-tangle bristles capture stubborn pet hair. Reduces allergens and irritants and captures 99.96-percent of pet dander and dust with a high-performance HEPA filter. Conveniently program a cleaning schedule and control your vacuum with the BLACK+DECKER smartphone app. Select from three cleaning modes to fit your needs: Spot Clean, Quick and Auto or choose manual drive for full control of the cleaning area. AUTONSENSE automatically adjusts suction power from hard floors to carpet. Automatically docks and recharges. Sensors detect stairs and other drop-offs. Two side sweepers clean dust and debris along edges and in corners. Beater bar snaps in and out for easy maintenance. Specifications: Bluetooth Capability; 4 hrs charge duration; 1L dustbowl capacity; HEPA13 replacement filters; 16 aw suction power. Includes Charging base, Auto/Dock Charger, LED Cover, four side sweepers, two filters, 9in pet anti-tangle beater bar, beater bar cleaning tool and screwdriver.

CORDLESS VACUUM CLEANER**• ROBOTIC - LED**

Cleans on carpet and hard floors. Captures hard-to-reach dust and pet hair under furniture. Lithium Ion battery optimizes performance with up to 90 minutes of runtime. LED top cover flashes troubleshooting alerts to display the source of errors or maintenance needs. Conveniently program a cleaning schedule and control your self-cleaning robotic vacuum with the BLACK+DECKER smartphone app. AUTONSENSE automatically adjusts suction power from hard floors to carpet. Select from three cleaning modes to fit your needs: Spot Clean, Quick and Auto or choose manual drive. Personalize the illuminated LED cover to match your color style. Automatically docks and recharges. Sensors detect stairs and other drop-offs. Beater bar snaps in and out for easy maintenance. Specifications: Bluetooth Capability; 4 hrs charge duration; 1L dustbowl capacity; HEPA10 replacement filters; 16 aw suction power. Includes charging base, auto/dock charger, LED Cover, four side sweepers, two filters, 9in multi-surface purpose beater bar, beater bar cleaning tool and screwdriver.

**FLOOR CARE & FLOOR PROTECTION
FLOOR CARE - COMMERCIAL****FINISH ENHANCER****• RESTORE 10**

Doubles as a spray buff compound and as an enhancer for high speed buffing and burnishing programs. State of the art synergized polymers, plasticizers, coalescents and optical brighteners combine to form this unique high performance item. Use as a spray buff compound for both 'low' and high speed machines. As a mop-on restorer/enhancer, use in automatic floor scrubbers for cleaning and restoring large areas. Works with all emulsion floor finishes. When buffed, Restore 10 meets and exceeds slip resistance standards. Non yellowing durable, mark resistant film, which can be easily scrubbed and recoated. Extends the time between stripping and recoating.

FLOOR FINISHES**• HARD COAT 19**

Dynamically energized polymer emulsion floor coating for all floor and floor maintenance programs. This custom formula provides a beautiful deep and rich wet look gloss. Durable mark resistant appearance for extended wear. Excellent for electric high speed burnishing in high traffic areas where optimal gloss and performance is required. Restores easily with traditional low speed buffers. Superb re-coatability and ease of maintaining reduces labor and material costs. Dries quickly, non-yellowing and resists film penetration by dirt and soil. Meets and exceeds slip resistance standards. Can be used as a seal and finish combination product or as a top coat over sealed floors.

108 - Maintenance, Repair & Operations

FLOOR STRIPPER

• LOW ODOR

Low odor, fast acting formula that removes floor finishes and seals from a variety of floors. Ideal to use in areas where low odors and indoor air quality is important. Excellent for use in hospitals, medical clinics, nursing homes, schools, extended care, grocery stores, commercial buildings and retail environments. Powerful penetrating agents effectively remove heavy build-ups of finishes, even those that are frequently burnished. Non-ammoniated.

AMREP "ZEP"				
004-9551	ZUFSLR128	128	4	EA

FLOOR SEALER

• BASE 16 • WATER EMULSION

Acrylic emulsion sealer for use on porous floors such as asphalt tile, terrazzo and other badly worn surfaces. Excellent for use on floors such as brick, quarry tile and other floors where coating adhesion can be a problem. The special blend of polymers and plasticizers fill the pores and provide a good base for future floor finishes. Works well with any maintenance system including high speed buffing and burnishing.

FLOOR CARE & FLOOR PROTECTION FLOOR CLEANERS

WAX REMOVER

- LOW ODOR

Easily removes water based waxes, polishes and finishes from vinyl tile, terrazzo, stone, marble and no-wax floors. Low odor, no ammonia smell. Highly concentrated and economical. Penetrates and removes old, discolored coatings, heavy buildups and ground-in dirt. Not recommended for use on wood, cork or linoleum floors.

SMOKE ELIMINATOR

- HEAVY DUTY
- RTU FORMULA

Especially formulated to eliminate smoke odors, this product contains both a highly concentrated fragrance that instantly eliminates smoke odors and a powerful neutralizer that effectively eliminates the odor source. Use full strength on curtains, carpets mattresses, upholstery and other fabrics. Can be diluted for light duty cleaning of walls, floors and other hard surfaces. Odor neutralizer encapsulates molecules and eliminates odors at the source. Formula is phosphate free, readily biodegradable, and safer for the environment.

CHEMICALS, CLEANERS & CLEANING IMPLEMENTS DUSTERS

MICROFIBER DUSTERS

Microfiber reaches and grabs onto dirt and dust, trapping it within the web of fibers. Ultra-soft, ultra-dense microfiber completely envelopes surfaces, making it particularly effective on delicate, intricately detailed objects and surfaces. Extra long weave and flexible head reach into every nook and cranny to clean and dust. Ergonomic grip with rubberized soft touch fits comfortably in hand, and allows for extended periods of dusting without cramping or fatigue setting in.

Our No.	No.	Shf Pk	Unit
QUICKIE MANUFACTURING			
030-0988	419M	3	EA

MICROFIBER DUSTERS

For cleaning hard to reach places. Long, soft microfiber attracts and holds dust and dirt. Pivoting handle locks in place at 10 different angles from 0 to 270 degrees to clean a variety of surfaces. Microfiber duster clicks on/off from the pivoting handle, so it is interchangeable with any of the Click & Dust attachments. Folds flat for easy storage. Attaches to telescopic pole (not included) for hard to reach cleaning. Dimensions: 21" H x 4" W x 3" D.

TOILET BOWL CLEANER

Environmentally friendly. Cleans toilets for three months. Easily installed in less than five minutes; fits most two-piece toilets. Repels stains with every flush. Isolates cleaner from the tank water so tank parts aren't damaged by detergents or bleach used by other in-tank cleaners. Cleaner-treated water is injected only to the bowl where it's needed, so cleaner application is efficient. Carded.

SCALE/ODOR TREATMENT

Destroys urine odor and scale build-up in urinals and washroom stalls. Monthly application will remove bothersome urine scale, rust and other debris from trap areas and under flush rim.

Urinakleen is a hydrochloric acid formulation that keeps urinals flowing freely and eliminates the source of commonly found odor problems. Opens clogged urinal traps and dissolves urine salt and scale build-up which can interfere with proper drain flow and be a source of bothersome odors. Contains RD-188 inhibitor.

AIR FRESHENERS

• FUSION METERED AEROSOL

Fusing the science of metered aerosols, natural oils and fragrances without a harsh chemical overtone. Odor neutralizer, Ordenone™ encapsulates malodor molecules and eliminates odors at the source. Fusion's smaller particle size will float in the air longer so you smell it longer. No messy build up on the surfaces: drier formula results in fragrance in the air, not on your floors and surrounding surfaces. 3,200 sprays - lasts for 30 days and can deodorize a room up to 6,000 cubic feet. VOC Compliant.

PROCTER & GAMBLE "SWIFFER"			
190-2154X	92810	2	EA

ELECTROSTATIC SWEEPER KITS

• **STARTER - LIGHTWEIGHT**
Easy-to-use with flexible, swivel head for hard-to-reach areas. Disposable cloth folds over head and is pushed into grip pockets for quick and easy cleaning, or can be used for hand dusting places the sweeper cannot go. Cloth fibers create an electrostatic charge when wiped across surfaces to attract dust, dirt, hair, and other particles, while cloth Lift & Lock Pockets trap and hold dirt in place. Cleans wood, ceramic tile, vinyl floors, walls, ceiling, electronics, car interiors and plants. Wet cloths are presoaked with an advanced cleaning solution that can be attached to dissolve stains. Includes 1 sweeper unit and 2 wet and 2 dry refill cloths.

SMOKING RECEPTACLES****CIGARETTE
RECEPTACLES**• SELF EXTINGUISHING -
FLAME RETARDANT
• POLYETHYLENE

With 4-gallon galvanized steel liner pail. Self-extinguishing design safely collects unsightly cigarette butts and reduces the risk of fire. Made of flame-retardant, sturdy, high density polyethylene. Low maintenance - won't rust, dent, crack or peel and resists fading. 16.5" diameter x 38.5" height. Large internal neck cavity minimizes "clogging". Molded-in graphics easily identify opening for cigarette butt disposal. Extinguishing snuff spot. Covered opening keeps rain out and discourages other trash. Simply lift off lid to empty big galvanized steel pail inside. Tie-down notches offer security and greater stability under severe weather conditions. In high humidity environments, unique "drip-lip" internal construction prevents tar condensation from escaping. Factory Mutual fire tested and approved.

WET MOP HEADS

- MICROFIBER TUBE

Engineered with continuous filament bi-component microfiber yarn for superior cleaning, superior absorbency and release characteristics. Lasts 200+ launderings. Improved headband and tailband construction allows mop to withstand three times the laundry cycles at 200F with the same detergents including bleach. Improved productivity and safety. Faster drying floors, superior absorbency and release characteristics result in both productivity gains and lower operating costs. Striped tube design reduces drag and improves user comfort. Extra aggressive and highly durable PVC mesh headband allows for faster and easier scrubbing of marred floors. Compatible with standard wet mop tools. Requires no adapters or new flat-mopping handles or frames.

SWEEPING COMPOUNDS

- GRITLESS OIL BASE

Compound is recommended for painted surfaces, non-waxed floors and glass-like floors that are resilient to oil. Contains no grit or sand and will not scratch floor surface. Compound is very effective for entrapping siliceous (sand like) dirt and dust. Color of sweeping compound is red.

Our No.	No.	Size Lb	Shf Pk	Unit
SORB-ALL "VELVET"				
698-6673	3000	50	1	EA

SWEEPING COMPOUNDS

- WAX BASE

Compound is recommended for fine finished floors, (i.e. resilient, terrazzo, asphalt, rubber, cork, marble and composition). It is safe to use on waxed floors. Compound does not contain oil or sand-grit so it will not scratch or disintegrate floor surfaces. Color of sweeping compound is green.

POWER LAWN CARE HEDGE TRIMMERS - ELECTRIC

HEDGE TRIMMERS

- CORDLESS - 20 VOLT

20 volt cordless lithium pole hedge trimmer. 18" dual action blade cuts branches faster and easier with less vibration. With its head and power ends, this trimmer can connect for a usable length of 6.5' and effectively trim up to a height of 10'. At just 7.7 lbs, the lightweight design makes it ideal for clipping tall, awkwardly-sited, or hard to reach hedges and shrubs. The 180 degree, 5 position pivoting head allows for trimming of top or bottom of hedges. Lithium battery provides longer battery life.

MOSQUITO REPELLENT
• **STICKERS**

Works by emitting a scent of all natural, plant based essential oils. Scent masks the odors humans emit that attract insects. Effectively makes you smell like a plant and invisible to insects. Lasts for 200 hours. Each sticker protects an area of 4-6'. Repellent is formulated with 100 percent natural oils: Lemongrass, Geraniol and Citronella. Contains 5 stickers.

RAT/MOUSE KILLER

- BAIT BLOCKS
- FAST KILL

Made with a single feed non-anticoagulant. Controls rodent populations in 1-2 days and in some cases, only a couple of hours. Economical and quick knock down. Bait stations are easy to use. Simply place the pre-filled disposable bait station near signs of rodent activity. Your hands never come in contact with the poison. Rodents will enter the bait station and chew the bait block. Rodents stop feeding after eating a lethal dose. Pre-shaped, gnaw edges derived from rodent feeding patterns.

RODENT REPELLENT

- ELECTRONIC - PESTCHASER

For use in average sized rooms, kitchens, garages, attics and basements. Emits high frequency sound waves that effectively repel rodents. Sound is completely inaudible to people and non-rodent pets. Varying ultrasonic sound waves prevents rodents from getting used to the Victor Sonic PestChaser. Since the sound is inaudible, a red LED light shows unit is working properly. Reduction in rodent activity should occur within 6-10 days. Multiple units required for multiple rooms.

Our No.	No.	Shf Pk	Unit
